E. DEN DEKKER
PLANT IMPORT AND EXPORT

E. DEN DEKKER

Within 48 hours a complete assortment of plants, direct from 1500 different growers, delivered throughout Europe? That's possible with E. den Dekker! We are specialised in the import and export of plants to all European countries. With a workforce of over 50 people, based both in the Netherlands and abroad, generating a turnover of € 50 million. Since 1986 we have been operating from our distribution centre in the Westland, the prime horticultural area in the Netherlands. Every day we supply hundreds of European Garden Centres and Wholesalers with fresh plants, selected by our specialist buyers with the greatest care. We deliver an extensive range of high quality products, sourced directly from the best growers in the Netherlands and many other European countries. Our range of products far exceeds the standard basic assortment offered by many other vendors. Our product development department works closely with growers and our client base to bring innovative concepts to the market. That's how E. den Dekker maintains its competitive edge. Setting the new standard.

24/7 SERVICE

E. den Dekker offers service in the true sense of the word. Orders can be placed at any time of the day via our extensive webshop, which is available in various languages. Garden and House plants will be on their way to you within 24 hours of receiving your order. You determine the quantity and type; ranging from a single plant to large batches. Our diverse and surprising assortment ensures a broad choice that will allow you to try out various concepts without committing yourself to large stocks. We can, after all, deliver every day of the week so you always have your sales area stocked with fresh plants.

DIRECTLY ON THE SHELF

For your convenience, we can provide the delivered products complete with price labels and barcodes, so that the fresh plants can be moved directly from the truck to your shelves, ready to sell. All you need to do is determine your retail sales prices, which you can easily do via the webshop.

Is a popular plant selling out quickly? That same plant, with the same quality, can be back on your shelves within 48 hours. All products are registered to ensure constant quality. E. den Dekker delivers fast, guarantees high quality and extensive availability.

EXTENSIVE ASSORTMENT

Our plants originate directly from no fewer than 1500 different growers in the Netherlands and many other European countries. E. den Dekker selects only the best growers to ensure a high level is maintained as standard. Purchases via the auction 'clock' are a thing of the past. Your products take the shortest possible route to reach their destination as quickly as possible. Backed by our efficient network, you can count on daily deliveries of fresh and high quality plants, allowing you to distinguish yourself from the competition.

TAILORMADE

More than quality alone! Our product development department are continuously on the lookout for innovative, fresh concepts and trends. Together with our growers and customer base we can develop tailor-made products. Not only in plants, but also in gift packaging and plant compositions. This enables us to deliver exclusive and innovative products, fully tailored to the wishes of the market.

PERSONAL CONTACT

Just imagine having to communicate with 1500 different growers. Not the kind of prospect that makes for efficient business.

At E. den Dekker you have one fixed contact, in your own language with knowledge of your local market.

While ordering via the webshop is convenient, we also appreciate the importance of having personal contact with you. Your own adviser will help you compile orders and is keen to advise you on our new, innovative concepts, promotional items and special offers. Together with you, we will determine how best to serve your customers. A tailor-made service that matches your and your customers needs.

EXCEPTIONAL QUALITY

E. den Dekker can deliver throughout Europe within 48 hours after shipment. Our products meet the highest quality standards as we purchase directly from the growers according to fixed product specifications rather than through the auction 'clock'. You can of course be rest assured that E. den Dekker works according to the latest European guidelines, taking people and the environment into account.
